EAST SIDE ELEMENTARY FOUNDATION

YEAR END REPORT

EAST SIDE ELEMENTARY SCHOOL

BETTER TOGETHER

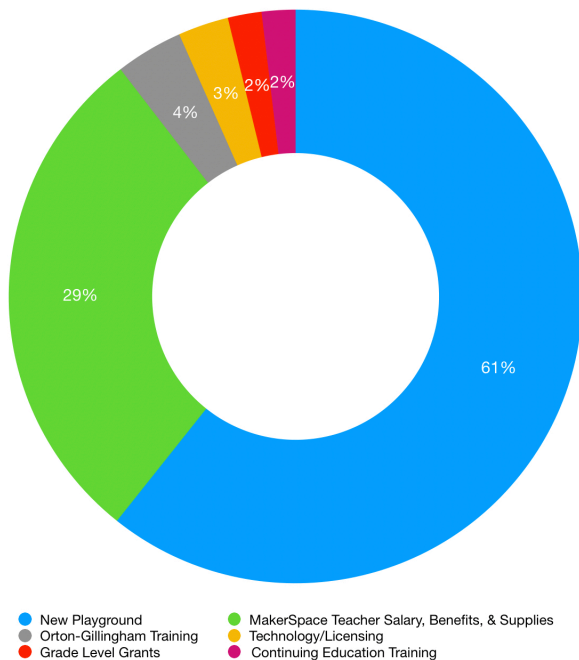

As we reflect on the 2021-22 school year, we would like to start by expressing our sincere gratitude to our teachers, administration, staff and parents for the unwavering support given to the Foundation throughout this school year. We achieved tremendous success this year, in large part, due to everyone believing in the vision of the Foundation and working together to make East Side Elementary School an amazing place to learn, educate and grow!

The East Side Elementary Foundation proudly serves to enhance the learning experience by providing funding and opportunities to the school, above and beyond what the county provides. Run solely by parent volunteers, the Foundation diligently works with the administration to identify areas of need and strives to quickly fulfill those needs. **We are thrilled to report that the East Side family came together for our school and raised an unprecedented \$160,000 for the Foundation this year.** The Foundation works hard to be trustworthy stewards of the monies donated, and in that spirit, we are pleased to share a breakdown of how the money was spent this year.

HOW YOUR MONEY IS WORKING

Core Teacher Collaboration	\$5,000
Teacher Appreciation	\$2,000
Classroom Libraries	\$1,250
Total expenses	\$271,398

The Foundation helps support many areas of our school that impact **ALL** students. One of our favorite areas is funding our MakerSpace teacher salary. Having this additional specials class not only allows students the benefit of a variety of learning spaces, but MakerSpace serves to compliment classroom lessons with hands-on learning! And speaking of learning, our students could not succeed without the expertise of our amazing teachers. In order to keep them at the top of their game, the Foundation funds Orton-Gillingham training, continuing education training and teacher collaboration time. We know having strong classrooms begins with having strong teachers, and the Foundation is honored to provide these opportunities for our teachers.

The world is changing quickly and technology is at the forefront of this transformation. The Foundation has worked to provide technology updates to East Side and funds technology licensing for popular programs, like RAZ Kids and SeeSaw. The Foundation also supports grade level grants so teachers can generate personalized curricula for their class and obtain the tools they need to implement their ideas.

Finally, recognizing that learning occurs not just between four walls, the Foundation appreciates the benefit of outdoor play to the well-being of our students. We have worked very hard to create an amazing outdoor experience by installing a turf field (2019) that can be used rain or shine, providing funds for school beautification (annually) AND this year, funding a brand new playground! East Side students can feel excited knowing they are playing, exploring and nurturing friendships on a state of the art play space that was designed by their fellow classmates!

LOOKING AHEAD

Our Foundation parent volunteers have worked tirelessly to make sure East Side Elementary School truly is the best place to be, and we are tremendously grateful for the dedication, passion, and grace they have demonstrated over these past several years. The work of the Foundation is never fully complete. Each year will bring its own unique challenges and inspirations. We hope that as the Foundation continues to support East Side Elementary in these coming years, **YOU** will be a part of the success story!
